## PRESIDENT STATES RESPONSIBILITY IS ON GOVERNORS

To Enforce Volstead  
Act in Their States In  
Same Degree As On  
the Federal Officers.

### LUNCHEON TODAY

Washington, Dec. 18.—President  
Roosevelt in a White House luncheon  
with a group of Governors will call  
upon the states, through the Govern-  
ment, for prohibition enforcement.

The President emphatically stated  
that in the concurrence of power and  
enforcement of law the Constitution  
places as great a responsibility on  
the governors for the Volstead law  
enforcement as it does on the federal  
officers.

The meeting was preliminary  
to a meeting which the President ex-  
pects to hold in January according to  
present plans. By this means he will  
get the judgment on the prohibition  
law, not only from the new govern-  
ors, but from men who, retiring  
January 1st, will be able to tell him  
what their experience has been dur-  
ing their term of duty.

## 21 FENISH WHEN VESSEL HIT ROCKS 4 DAYS AGO

St. Marie, Dec. 17.—Twenty-  
seven persons are missing and are  
believed to have drowned or died of  
starvation following a disaster which  
occurred on the tug Reliance when it  
hit the rocks off Lizard Island four  
days ago.

It was the fear expressed by offi-  
cials of the Superior Company owner  
of the tug who tonight for the  
first time admitted that in addition  
to the crew of 14, the Reliance car-  
ried 23 passengers.

Survivors of the wreck reached  
here last night. Two others, Mr.  
and Mrs. John Harten, cook, were  
missing to this cold and exposure  
and they were left at Aldona for  
medical treatment by the others sur-  
vivors.

The last seen of the missing 27  
persons was Wednesday morning  
when the Reliance, battling through  
a leading storm, went on the rocks.  
Captain D. A. Williams  
of the city and six others who were  
on board took the life boat, while  
others including Mr. and Mrs.  
Harten, took the other. The second  
boat drifted several hours and was  
blown ashore on the Canadian main-  
land 85 miles north of here.

The announcement by the com-  
pany tonight said that in addition to  
the crew of 14, the Reliance carried  
23 passengers, an official of the  
company's forestry office and a fish-  
ery company's agent, who had been  
placed up on the last trip.

The missing men, it is said by sur-  
vivors, left the tug in a launch  
which was carried by the Reliance in  
addition to its two life boats.

## Proposed Legislation To Excuse Women from Jury Duty Is Being Drawn

Philadelphia, Dec. 18.—A bill to  
excuse women from jury duty in  
Pennsylvania, if they do not wish to  
serve, will be introduced in the Leg-  
islature by the Voters League of  
Pennsylvania. The bill, according to  
the chairman of the League, will  
counteract a bill previously designed  
to excuse women from paying taxes.

Mr. and Mrs. E. Curt Davis of  
Ramey were Clearfield visitors today.  
Miss Alice and Georgie Dodd, of  
DuBois, are among the teachers in  
attendance at the institute this week.

## HOUSE JUDICIARY COMMITTEE WILL DECIDE COURSE ON MR. KELLER TODAY

Washington, Dec. 18.—The House  
judiciary committee meets today to  
decide whether it was within its  
rights when it issued a subpoena or-  
dering Representative Keller, Minne-  
sota Republican, to appear and testi-  
fy in support of his charges.

If the committee concludes, as it is  
forecast, that it has the power to  
subpoena a member of the House,  
Keller may be given another oppor-  
tunity to appear, and if he again re-  
fuses, it is probably he then will be  
contempted and recommendations  
be made that he be given "ap-  
propriate disciplinary action" before  
he bar of the House.

## 25 AIR MAIL PLANES OFF IN SEARCH FOR A LOST MAILMAN

Washington, Dec. 18.—The con-  
centration of all mail aeroplanes in the  
western division of the aero mail  
service at Salt Lake City and Rock  
Springs was ordered today by Post-  
master General Weeks to search for  
Henry Boonstra, mail pilot, who has  
been lost since last Friday when he  
was overtaken by a heavy snow  
storm. The service has been com-  
pletely suspended on this division un-  
der instructions from Washington  
while all pilots and planes, number-  
ing twenty-five, are scouting the  
country in an effort to find some  
trace of the missing flyer.

## DUBOIS RESIDENT SUES TRACTION CO. FOR LARGE AMOUNT

S. D. Davison and Mrs. Emma  
Davison, of Falls Creek by their  
Attorney, James A. Gleason, en-  
tered suit in Prothonotary Balston's  
office Saturday against the DuBois  
Traction Company in an effort to re-  
cover damages not to exceed \$20,000  
for personal injuries received by  
Mrs. Davison in a fall from one of  
the traction company's street cars.

The statement filed recites that  
on October 18, 1921, Mrs. Davison  
was a passenger on the street car  
traveling from Falls Creek to Du-  
Bois. When the car reached the  
Long Avenue crossing of the B. & O.  
P. railway the safety gates were  
down and the street car was forced  
to stop. The conductor went for-  
ward to see about the obstruction  
and Mrs. Davison, with other pas-  
sengers, attempted to get off the  
car. Before Mrs. Davison could al-  
ight the car started and she was  
forced to remain on the platform.

As the car proceeded up street,  
Mrs. Davison signaled to the con-  
ductor to stop that she wanted to  
get off and after traveling half a  
block the car did stop. Thinking  
the stop was made for the purpose  
of allowing her to get off the woman  
again attempted to alight, but as she  
did so the car again started and she  
was thrown heavily to the brick  
pavement suffering a broken leg and  
other injuries.

The suit is brought to recover the  
amount spent by the husband for  
medical treatment and to reimburse  
Mrs. Davison for the pain, suffering  
and inconvenience she has been put  
to.

## DECEMBER EXPORTS BIGGER THAN ANY MONTH THIS YEAR

Washington, Dec. 18.—Exports for  
the month of December establish a  
record. The value of exports totals  
\$383,000,000 or \$12,000,000 higher  
than for October, which was the best  
previous month for the year. No-  
vember exports were \$20,000,000  
over the exports for the same month  
in 1921.

## MRS. BRUNEN AND MOHR LOSE FIGHT; MUST STAND TRIAL

Mount Holly, N. J., Dec. 18.—Mo-  
tion to dismiss the murder charges  
against Mrs. Doris Brunen and her  
brother Harry Mohr was denied to-  
day by the Supreme Court justice and  
the judge ordered the lawyers to pro-  
ceed with the trial.

Mrs. Brunen and Mohr were charged  
with the hiring of Showman Pow-  
ell, to kill her husband, the circus  
magnate. Council today announced  
the defense of Mohr would be an al-  
ibi. Mohr today when interviewed  
complained about the conditions of  
the jail where he was confined. De-  
fense of Mrs. Brunen has outlined  
that she was a dutiful and faithful  
wife. She is to follow Mohr on the  
stand, Attorneys said.

## HAYS WILL REFUSE TO AID GOVERNMENT IN FIGHT ON DRUGS

Los Angeles, Dec. 18.—Will H.  
Hayes today declared that he will  
not co-operate with state and federal  
authorities in their fight against the  
drug violators.

"In case they call on me, I will re-  
fuse to testify," he said. "I am not  
an authority on Hollywood morals.  
My work is not to mete out punish-  
ments to drug addicts but to work  
constructively in the reconstruction  
of the greatest enterprise in the  
world until it is sound to the core.  
As for Wallace Reid, my sympathy  
and the sympathy of all the people  
are with him."

Reid is recovering at a Hollywood  
sanatorium according to Dorothy Dal-  
ton and her mother. They declare  
that Reid's "fair weather friends,"  
who made his home a road-house, and  
heavy work forced him to undergo a  
complete rest.

## London Newspaper Says Harding Working On 2 International Treaties

London, Dec. 18.—President Hard-  
ing will soon repare two interna-  
tional agreements which will replace  
those discarded recently, the Daily  
Sketch stated today.

One of the agreements will be for  
all the Allies; the other will include  
former enemies as well, the Sketch  
declared. Hon. Elihu Root, the paper  
said, is at present working out a re-  
vised agreement.

Three bankers, J. P. Morgan &  
Company, Kuhn & Loeb, and Harri-  
man, will underwrite the financial re-  
lief for Germany under the guaran-  
tee of the United States, it was de-  
clared.

tives witnessed the ceremony.

## PRESBYTERIANS OUT IN COMMENDATION OF PRESIDENT

Pass Resolution at the  
Morning Service Giv-  
ing Allegiance Pledge  
to 'Dry' Enforcement.

### TOOK RISING VOTE

The Presbyterian Church of Clear-  
field took decisive action yesterday  
at the morning service on the action  
of the Chief Executive of the United  
States in proposing that the 18th  
Amendment would never be repealed  
and on his intention to call a Govern-  
ment Conference in the near future  
to devise enforcement plans.

Dr. Reeve, the pastor, spoke very  
emphatically on the need for law ob-  
servance and enforcement, at the  
conclusion of which he called upon  
G. A. Stewart to present a resolu-  
tion, embodying the desires of the  
congregation. The following resolu-  
tion was read and adopted by a ris-  
ing vote of the congregation.

### A Resolution

Whereas: The Christian Church  
has recognized in alcoholic beverages  
an enemy to the souls of mankind  
throughout the last three centuries  
and has ever prayed for deliverance  
from the baneful influence of the  
commercialized liquor traffic as it  
affects men and our government, and  
Whereas: In the ratification of the  
Eighteenth Amendment the Church  
hoped for an answer to these prayers  
and the advancement and elevation of  
humanity, and

Whereas: The Chief Executive of  
the United States has declared that  
the Eighteenth Amendment will never  
be repealed; calls on the citizens  
of the nation to obey its law and aid  
in the enforcement of law, and un-  
derstands his intention of calling a  
conference of governors of all states  
to devise means to attain these ends,  
Therefore be it

Resolved: That the congregation of  
the Presbyterian Church of Clear-  
field commends the Chief Executive  
for his courageous prophesy, renews  
its allegiance to the Constitution of  
the United States, offers up its pray-  
ers for the success of the proposed  
governors conference and, by this re-  
solution, pledges its support to what-  
ever program may be adopted for the  
suppression of the illegal liquor traf-  
fic which is defeating the purpose of  
the Eighteenth Amendment.

## Dairymen Will Have A Week Of Interesting Study At State College

Considerable interest is being taken  
by dairy cattle breeders of the  
state in the coming winter Farmer's  
Week at State College, December 18,  
to 21, when the gift cattle that in-  
dividual breeders and breed associa-  
tions have sent to the college will be  
on display. The exhibit and the pre-  
sentation ceremony will form the  
main attraction on Wednesday of the  
week, which has been set aside as  
Dairy Breeders' Field Day. The cat-  
tle will be on exhibit in the stock  
judging pavilion, where a representa-  
tive chosen by the dairymen who  
gave the cattle will formally present  
the gifts to the college, to be accep-  
ted by President John M. Thomas in  
behalf of agricultural school and col-  
lege. Fifteen of the cattle are now  
in the dairy barn and are being  
groomed for the occasion. Ten or  
more other animals have been prom-  
ised by breeders in several other  
counties, who intend to ship them to  
the college in time for the display.

## FORMER RESIDENT DEAD AT BUFFALO

Samuel Fulton, a former well  
known Clearfield resident, died at the  
home of his son Orvis Fulton, in Buf-  
falo, New York, on Sunday morning,  
at 8 o'clock, aged about 75 years. The  
deceased was a native of Lawrence  
township and a member of one of  
Clearfield county's oldest families.  
He had been living in Clearfield up-  
until a few weeks ago when he re-  
turned to the home of his son. His  
illness was of short duration.

## Death Lurks In All Christmas Moonshine Says Director Davis

Philadelphia, Dec. 18.—"Persons ac-  
cepting moonshine and other liquors  
during the Christmas holidays are  
taking chances with death," John P.  
Davis, prohibition commissioner, de-  
clared. "Persons who patronize the  
bootleggers during the holidays have  
their death warrants signed. There  
is very little good liquor on the mar-  
ket now and the concoctions offered  
to the public will contain a deadly de-  
natured alcohol."

## Two Burned To Death In Explosion Of Still In Vicinity Of Pittsburgh

Pittsburgh, Dec. 18.—Two men were  
burned to death in an early morning  
fire in Milltown, supposed to have  
been caused by the explosion of a  
still. One man's torso was found ly-  
ing over the copper worms of one of  
the stills. The still was situated on  
the estate of John Caldwell on the  
Huton Road. The dead are George  
Petrovitz, aged 40, and Pete Bunlo,  
aged 45. The fire was discovered  
shortly after 4:00 o'clock this morn-  
ing by Cornel Malichi and his wife  
who occupy a home about forty yards  
from the scene of the fire.

## OPPORTUNITY GIVEN YOUNG MEN OF CLEARFIELD TO FORM CAVALRY TROOP "A" FOR THE NATIONAL GUARD HERE

Are There Sixty-Five Young  
Men In Town Who Wish  
To Enlist? If So, Get In  
Touch With Whit Barrett.

### AND DO IT IMMEDIATELY

There is an opportunity right now  
for the young men of Clearfield to  
further aid in putting Clearfield be-  
fore the whole State by the forma-  
tion of a Cavalry Troop, for the Na-  
tional Guard of Pennsylvania.

If anything is to be accomplished  
along this line, there must be quick  
action as there are other communi-  
ties that will be given the same op-  
portunity, and will no doubt embrace  
it. A great many people seem to be  
under the impression that the for-  
mation of a Cavalry Troop carries  
with it some expense to be borne by  
the town or locality, but such does  
not seem to be the case from the  
more or less superficial investigation  
of the matter made by The Progress.

Young men, able to pass the neces-  
sary physical examination, of good  
moral character and having a real  
desire to serve in the military ser-  
vice are the prime and only requi-  
sites. The officer of the N. G. P.  
who has given Clearfield this oppor-  
tunity was very explicit in explain-  
ing that they would expect every  
man who signed up to go into the  
troop to make good and go through  
with formal enlistment when the  
troop is started.

For the purpose of getting this  
thing started, this officer has re-

COMMERCIAL CLUB  
TO HONOR FOUNDERS  
AT SESSION TODAY

### 500 TEACHERS HERE

The regular meeting of the Com-  
mercial Club at Jordan's tonight  
should be well attended if all signs  
come true. It will be "Founders'  
Night" and the thirteen master  
minds which gathered on the event-  
ful night when the Commercial Club  
idea was conceived are to be given a  
chance to tell how they did it.

The new officers will be inducted  
and committees announced.

One of the guests of the evening  
will present a subject that should  
awaken the interest of every warm-  
blooded patriotic Clearfield young  
man and which will if taken up, help  
to keep old Clearfield on the map of  
the Keystone State.

## ROBBERS GET \$125 AT THE MANHATTAN RESTAURANT SUN.

Force Entrance Into the  
Kitchen Thru Window  
After Mgr. Closes Up  
At 3 In the Morning.

### OFFICERS ON TRAIL

A robber or robbers forced an en-  
trance into the Manhattan Restau-  
rant on Third Street during the early  
hours of Sunday morning and made  
away with something over \$125,  
which represented the greater part  
of Saturday's receipts over the  
lunch counters.

Entrance was made by the break-  
ing of a rear window which leads  
into the kitchen. The night man-  
ager of the restaurant had closed the  
place up about 3:00 o'clock Sunday  
morning, and prior to leaving had  
placed the evening's receipts in the

questioned that we ask all young men  
interested in this thing to report at  
once to Lieutenant Whitford Barrett,  
who has an office on the second floor  
of the Stewart Drug Company build-  
ing. Mr. Barrett, who is a Clearfield  
man, has all the details and will be  
glad to explain everything in de-  
tail and take applications.

Sixty-five men will be required to  
form a Cavalry Troop, and there  
will be three officers; a Captain,  
a First Lieutenant, and a Second  
Lieutenant.

At least thirty-five horses will be  
kept here all the time for drilling  
purposes and this number, of course,  
is increased for special occasions,  
such as parade and camp duty. En-  
listed men are paid for the time  
spent in drilling, which is one even-  
ing every two weeks. It also carries  
with it the privilege of a two week's  
free encampment with all the Nation-  
al Guard at either Mt. Gretna or one  
of the other Guard camps where the  
Guard meets annually for training.

The care of the horses is arrang-  
ed by as many of the men as are re-  
quired, being put on the regular pay-  
roll for steady duty. This duty,  
however, is not compulsory but it is  
usually arranged that somebody who  
likes this kind of work is taken into  
the troop and given the job.

Hunt up Lieutenant Barrett at  
once if you are interested in a Cal-  
vary Troop. A great many have al-  
ready indicated their intention of  
enlisting. The troop, if formed here,  
will be known as Troop "A".

Professor Trostle Tells  
Teachers Importance  
of Good Citizenship in  
Welcoming Address.

### 500 TEACHERS HERE

The 50th annual session of the  
Clearfield County Teachers' Insti-  
tute got under way this afternoon in  
one thirty when Superintendent W.  
P. Trostle called the assembly to  
order in a few well chosen remarks  
in which he urged the teachers to  
better citizenship. The devotion  
exercises were conducted by Rev. W.  
Roy Hosmer of the Lutheran church.

The music was in charge of Pro-  
fessor H. J. Taylor of Lawrence-  
ville. Prof. Taylor is no stranger to Clear-  
field institutes, he having been here  
two years ago. The 50th session of  
the afternoon session was Dr. C. W.  
Ellis of Juniata College who spoke  
on "The Work of the Institute," a  
timely discussion in which was em-  
phasized the importance of the an-  
nual gathering. Dr. Francis C.  
Blair, State Superintendent of the  
Indiana state addressed "The Teacher  
as a Citizen" and the evening session  
was a masterly lecture read by  
Eugene Field by Dr. Arthur  
Murray of the University of Kansas.

Teachers began to arrive  
evening and by eleven o'clock  
there were 500 teachers present.  
The speaker for this evening,  
able and noted educator, who  
told a lot about radio and other  
timely topics has appeared and for-  
tunate indeed will be those who see  
him this morning.

Following is Professor Trostle's  
welcome address to the teachers:  
"Believe Teachers, Parents and  
Citizens:

It truly affords me genuine pleas-  
ure to greet you here to-  
night, the 50th Annual Session of the  
Clearfield County Teachers' Insti-  
tute. It is indeed a great privilege  
to be granted the opportunity of ad-  
dressing the almost 500 men and  
women who are here and will be  
more than any other 500 men and  
women during the previous forty  
shaping the future of our  
county, and through it, the future  
of our great Keystone State and  
nation. Someone has said, "The hand  
that rocks the cradle rules the  
world." True as this may seem, it  
is only half the truth, for the  
hand that forgets the world's  
behind the throne; the public school  
teacher. For the real truth is that  
the mind that rules the school rules  
moulds the hand that rocks the  
cradle, hence it rules the world.  
Since this is so, it is evident that  
the fundamental function of the  
school is to produce efficient citizens,  
citizens thoroughly prepared in  
every respect for the grave re-  
sponsibilities of life in a free  
democracy, such as ours. It is no  
longer enough to develop citizens  
who are merely good, but they must  
be Good For Something.

In order to accomplish this most  
to-be-desired end, we must entirely  
change much of our present school  
method and practice. The prime  
prerequisite for a successful teacher is  
no longer regarded as the ability  
to teach reading, writing and arith-  
metic, but the ability to teach boys  
and girls. The school life must in-  
ternment all life for these boys and  
girls. These school subjects on  
which we have been placing so much  
emphasis in the past are no longer  
regarded as ends in themselves.  
They are only the means of attain-  
ing the end for the pupil his out-  
of-school experiences.

The work of the school must be  
vitality related with the life about it.  
The school is no longer regarded as  
a thing apart, but it is the very  
heart of the community life. It  
should contribute to every insti-

## TEACHERS

(Continued from Page One)

Second subject of the life of the teacher is his own life, and all these should be made their contributions to the teacher who fails to make the most of his own life and the character of his pupils is missing the very best of modern pedagogical thought and method.

The highest word, not only in education, but also in world advancement is CO-OPERATION. The success of our country depends, not upon the education of a few, but upon the education of the masses. No one can be said to be truly educated until he is prepared to do something for the world. And nothing is really worth while unless it is to make the world better. The teacher is the one who truly educates the world.

Entered in Post Office at Clearfield, Pa., as second class mail matter.

Some people spend their whole lives in an effort to live longer. They spend all their time and energy in first one fad and then another, in their feverish desire to lengthen their days, and forget to fill them with the things that make life really worth living.

There are other people who give no thought at all to the maintenance of life, until they suddenly realize that their days are shortening. Then they grasp irrationally at any magical scheme, Fountain of Youth, any charm of incantation that will grant them a new lease on life.

The first class of people forget what life is for. The second class neglect to care for the lives they have. Hence the sudden end of a magic potion in so many cases.

There is just one way to a long life. That is the careful, conscientious, and consistent observance of the laws of life—physical, mental, and moral. There is no short and easy way. It is long and hard. But it is worth while.

Despite the knocking constantly heard about preachers and church organizations we notice these functionaries are still in great demand for funerals.

Now that is a rough way of putting it, isn't it, but some two or three weeks ago, we decided that we were getting into an editorial rut; printing too many meaningless nothings, etc.

We profess to be a Christian nation; it is a rare occasion indeed when a person is buried without the Christian burial rites, and yet we live in such a way as to deny the Christ, blaspheme his ministers on earth, absent ourselves from worship and continually pick flaws in those who are doing what they can.

When the death angel hovers near, we are sobered—and weakened. Then it is that we want the church and her ministers. The presence of death halts many a soul on a mad flight to perdition.

Little do we realize the importance of the public school teacher in our national life. Home training and influence is stamped indelibly on the child but it is in the school life that contacts are made, which very largely shape the career of the young man or young woman.

The interpretation put on the outstanding events of history and the guidance of the school life is certain to give the young man a vision of the world and its complex problems unlike that obtained from any other source. It is, therefore, of prime importance that the profession of teaching be put and kept on a high plane.

Much is heard right now of the higher standard of Pennsylvania schools and of the advances being made month by month and year by year and there is plenty of evidence to bear out the claim.

That the teaching profession is keeping pace in personnel with the exactions of the school code and the rules laid down by the state department is quite evident from the appearance of the hundreds of teachers who are guests of Clearfield this week. No other lot of young people could be assembled anywhere and our schools and our children are in fine hands.

The pathetic eagerness with which Europe pleads for a little word of helpful advice from the United States is equalled only by the pathetic alarm with which Europe receives any little word that is offered her.

We of this county paid the state nearly seven thousand dollars for the privilege of keeping dogs during the last year. The administrators of the Mother's Pension Fund have to fight to get less than half that amount.

## SAGE TEA KEEPS YOUR HAIR DARK

When mixed with sulphur it brings back its beautiful color. Luster At Once.

Gray hair, however, disappears as you advance in age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes you miss the face which is faded with gray and looks streaked. Just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold. Don't stay gray! Look young! Either prepare the soap at home or get from any drug store a bottle of "Wynne's Sage and Sulphur Compound," which is made from the old recipe improved by the addition of oil or ingredients. Thousands of men recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, the natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

### CURWENSVILLE

Mrs. Ada Maxwell leaves Curwensville this evening for Allenport, Pa., where she expects to spend the balance of the winter months with her sister, Mrs. E. W. West.

Despite the stormy winter day conditions, services in both the Methodist and Grace Lutheran churches were well attended. It is a commendable saying, to state that the majority of property holders along the main thoroughfares had the snow removed from the walks in plenty of time for people to attend morning services in all of the churches without having to wear their trousers stuck in high top boots in order to get through without getting wet feet.

William Pratt returned home from a trip to Philadelphia on Saturday. He represented the Clearfield colored lodge of Masons as its representative to the Grand Lodge held in the Quaker City during all of last week.

## SECRETARY DAVIS URGES EMPLOYMENT SERVICE EXTENSION

Also Urges Skilled Men, When Trade Is Inactive, to Accept Other Lines of Work.

### RESULTS OF STRIKE

Washington, Dec. 18.—Proposals for the prevention of future unemployment crises and for the reduction of the normal number of workless men in the country were put forth by Secretary of Labor James J. Davis in his annual report, just made public. Secretary Davis pointed out the results obtained through the Federal Employment Service during the industrial depression of the last year and asserted that the Employment Service offers an agency for the solution of the unemployment problem. He said:

"Less than a year ago it was estimated that between five and six million workers were without jobs. We were in the throes of one of the greatest industrial depressions we had ever known. There was a grave danger that the mere operation of the law of supply and demand would force a drastic rearrangement of wages which would seriously depress our standard of living and radically alter our whole economic structure. The Nation fought its way through this period of unemployment, and today the demand for labor practically equals the supply. We are back at normal in our employment. But we have made the startling discovery that normal in America means that approximately a million and a half workmen are detached from any payroll."

"Here we have two problems to meet—to prevent a recurrence of the employment depression which threw between five and six million men into idleness and to reduce the number of

Jacob Kantar, who spent some time last week in Pittsburgh, relative to his firm's business interests returned to his home in Curwensville Saturday. He was highly impressed with what he learned of the Smoky City's business prospects for the coming new year. He is a very observant fellow and nothing escapes his eagle eye in a business way when he has an occasion to visit foreign parts.

Mrs. James Thompson went over to her old DuBois home on Saturday evening in order to spend several days with her home-folks on the "other side of the mountain."

The Junior class members of the High School closed the mid-winter term and commencing of the holiday season, by holding a social in the Moose rooms last Friday evening. To put it lightly it is generally understood that every one had a most enjoyable time.

Mrs. Phil Thompson and children returned home on Saturday after spending two weeks with relatives in New York.

It is very evident that the Dunbar mines do not lack for cars as last week an average of one hundred cars were loaded every day.

John William Turner, residing at 1014 1/2 N. 10th St., died of a heart attack on Saturday afternoon at the home of his wife, Mrs. Turner. An attack of acute heart trouble came upon him immediately after his dinner. He was a son of William and Susan Turner, who were born at Union Springs, Centre county, on July 14th, 1852, therefore being 79 years, 5 months and 4 days. In reference to man's estate he worked at various occupations and in 1872 was united in marriage to Hester Ammerman, daughter of Thimer Ammerman. The family resided at different times at Julian, Beaver, Philipsburg, finally some eleven years ago coming to Curwensville. For eleven years he deceased was employed by Perc Smith as a teamster, but for a year past was employed on the construction of estate highway in this borough, until about eight weeks ago when he was compelled to cease work. He is survived by his widow and the following children: Harry and Charlie, both of this place; William E. of Blue Ball; Mrs. Eva Rajna, Philipsburg; Mrs. Agnes Stephens, Woodland; Mrs. Annie E. Libbett, another daughter, passing away in 1921. The funeral date has been fixed for Tuesday afternoon at 2 o'clock, services to be held at the home and in charge of Rev. Dr. Collins. Interment of the body will be held in Oak Hill cemetery.

our workingmen who are daily with-

"We have a powerful agency in meeting both of these problems in the United States Employment Service which, fully organized and equipped, would have its finger at all times upon the pulse of the labor supply and demand of the country. The past year this service, with its co-operating agencies, proved its effectiveness. It listed between 2,500,000 workers seeking employment, and placed nearly 1,500,000 of them in jobs without expense to the worker or employer. Its usefulness and the need for its development are plain."

"The causes of idleness among our workmen call for instant remedy. Industrial strife and unemployment offer opportunities to the enemy of government too favorable for us to overlook them. Wherever worker and employer clash and wherever men are in enforced idleness, there is the opportunity for the unscrupulous employer with his hired gang of mercenary plug-ugly. There, too, the ultra-radical finds conditions ripe for his efforts. Both threaten the subversion of all government, as they preach contempt for law and order, and by stirring the passions and hate of men bring to fruition the gospel of violence and bloodshed. These things are a menace to our whole national existence. They threaten the fundamentals of our government. No duty is more pressing upon us today than that of safeguarding ourselves from these dangers."

Secretary Davis suggested that the workman himself, in order to meet periods of depression, should be willing to accept employment at other trades than he is usually engaged in. On this point he said:

"The lesson of the past year seems to be not so much a problem of an actual dearth of employment but rather one of inability of the American workmen to adjust themselves to changing circumstances. We recognize that the exalted place of our craftsmen has been attained through specialization, but in specializing we seem to have lost sight of the fact that there are other lines of employment than those habitually followed. I would be the last one to suggest that skilled craftsmen should undertake to become so-called 'Jacks of all

trades,' but I would urge upon every idle workman that when there is inactivity in his trade he use every effort to adapt himself to some other line of work. Manifestly, the skilled workman can, if he will, do work of some other kind, but my experience has been that too often when idleness is forced upon him he rejects the thought of other employment for one or more of several reasons: He may not be able to secure as high wages in other employment; he may be under the impression that the secondary employment will lose him prestige in his primary occupation. There are, of course, so-called seasonal occupations in which there is known intermittency of employment, but in those occupations usually the wages are higher and the man who follows such a course can fortify himself against the season of unemployment."

"The United States Employment Service, as a national organization, steps in touch with the general situation in every part of the country. Its points of contact, however, are necessarily limited by the smallness of its appropriations, and for this same reason there can be very little educational work done along the line of encouraging secondary employment. The national employment service should be a clearing house and an agency for the dissemination of not only information but of constructive suggestions along the lines which I have indicated."

Hats in History.  
It is difficult to state just when hats were first worn, and there is no record as to where or when the first hat was made. The first modern hats we know this article of men's wear, as made in Paris in 1494 by a Swiss manufacturer, but it was not until 49 years thereafter that the French adopted the sort of a head covering

Or "n of "Person."  
The letter "n" was once pronounced like "a" (Englishmen still say Clark to rhyme with dark) and person was pronounced person. Because he was usually the most distinguished individual in the parish the clergyman became "the person," or as we now say, the person.

Jews Lived Longest in Babylon.  
By far the longest part of Jewish history, tradition, literature, etc., is not Palestinian but Babylonian. In Babylon lived, for the longest time, the greatest number of Jews together. There their principal religious works were written, especially the Talmud, which is a higher authority with the Jews than the Bible.

Aerial.  
Aerial is the name given to a newly discovered metal alloy prepared by a French inventor. It contains 90 of more per cent of aluminum. It has the advantages of strength, lightness and freedom from corrosion. It is being used for military helmets, and is said to be adapted to airplane and engine construction. Properly tempered aerial has a tensile strength of 75,000 pounds to the square inch.

Advertising Pays.  
A woman of uncertain age required the services of a page-boy, and inserted in the local paper an advertisement headed: "Youth wanted." ## DOG LOVERS OF THE COUNTY PAID \$6600 INTO STATE IN YEAR

Harrisburg, Dec. 17.—Clearfield county paid the State \$6,612.25 in dog license fees during the fiscal year ending November 30, 1922, according to a statement made public here today by Auditor General Samuel S. Lewis. Westmoreland county leads the entire state, with dog license fees of \$19,754. Blair county paid \$8,296; Jefferson, \$5,689; Elk, \$2,923.25; Forest \$601.50; Centre \$3,142.50; McKean \$3244.25 while Cameron paid only \$408 the lowest of any county on the list.

The total revenue received by the state from dog licenses during the year was \$416,311.75 of which \$287,601 was reverted to the General Fund as net revenue. The total cost of administration of the Dog Law including \$25,000 retained in the Dog Fund is given as \$137,620.75.

### Various Species of Mint.

There are 12 species of mint growing in America. The most important are the spearmint or garden mint, used in mint sauces, and for flavoring chewing gum; peppermint, with which peppermint candy is flavored, and menthol, prepared; pennyroyal, used in medicine; and bergamot, whose lemon-scented leaves give a fragrant oil much used in perfumes.

## The Most Thoughtful Gift Of ALL—A HINT TO HUSBANDS

Can you think of anything that would be more appreciated than relief from washday drudgery?

Men little realize that this is the most tiring of all household tasks, particularly disagreeable at this time of the year, for it means cold, unpleasant weather to contend with—unwise exposure to draughts. Or there is the continual bother and supervision of the laundress, and the worry as to whether she will actually "show up."

In many of the homes of this city the laundry work is now turned over to us. The family bundle is returned promptly, sweetly clean, with all the heavier pieces beautifully ironed and only a few personal things left to be finished at home.

Or, for a slight additional charge, everything is daintily nished—ready to wear or put away.

Call us up and we'll gladly explain further this truly thoughtful gift. Better still, have our representative call for your bundle this week.

## PRESIDENT STATES RESPONSIBILITY IS ON GOVERNORS

To Enforce Volstead  
Act In Their States In  
Same Degree As On  
the Federal Officers.

### LUNCHEON TODAY

Washington, Dec. 18.—President  
Roosevelt in a White House luncheon  
with a group of Governors will call  
upon the states, through the Govern-  
ment, for prohibition enforcement.

The President emphatically stated  
that in the concurrence of power and  
enforcement of law the Constitution  
places as great a responsibility on  
the governors for the Volstead law  
enforcement as it does on the federal  
officers.

The meeting was preliminary  
to a meeting which the President ex-  
pects to hold in January according to  
present plans. By this means he will  
get the judgment on the prohibition  
law, not only from the new govern-  
ors, but from men who, retiring  
January 1st, will be able to tell him  
what their experience has been dur-  
ing their term of duty.

## 21 PERISH WHEN SHIP VESSEL HIT ROCKS 4 DAYS AGO

St. Marie, Dec. 17.—Twenty-  
seven persons are missing and are  
believed to have drowned or died of  
starvation following a disaster which  
occurred the tug Reliance when it  
hit the rocks off Lizard Island four  
days ago.

It was the fear expressed by offi-  
cials of the Superior Company owner  
of the tug who tonight for the  
first time admitted that in addition  
to the crew of 14, the Reliance car-  
ried 23 passengers.

Survivors of the wreck reached  
here last night. Two others, Mr.  
and Mrs. John Harten, cook, were  
missing to this cold and exposure  
and they were left at Aldona for  
medical treatment by the others sur-  
vivors.

The last seen of the missing 27  
persons was Wednesday morning  
when the Reliance, battling through  
a leading storm, went on the rocks,  
sprung her wheel and sank almost  
immediately. Captain D. A. Williams  
of the city and six others who were  
on board took the life boat, while  
nine others including Mr. and Mrs.  
Harten, took the other. The second  
boat drifted several hours and was  
blown ashore on the Canadian main-  
land 85 miles north of here.

The announcement by the com-  
pany tonight said that in addition to  
the crew of 14, the Reliance carried  
23 passengers, an official of the  
company's forestry office and a fish-  
ery company's agent, who had been  
placed up on the last trip.

The missing men, it is said by sur-  
vivors, left the tug in a launch  
which was carried by the Reliance in  
addition to its two life boats.

## Proposed Legislation To Excuse Women from Jury Duty Is Being Drawn

Philadelphia, Dec. 18.—A bill to  
excuse women from jury duty in  
Pennsylvania, if they do not wish to  
serve, will be introduced in the Leg-  
islature by the Voters League of  
Pennsylvania. The bill, according to  
the chairman of the League, will  
counteract a bill previously designed  
to excuse women from paying taxes.

Mr. and Mrs. E. Curt Davis of  
Ramey were Clearfield visitors today.  
Miss Alice and Georgie Dodd, of  
DuBois, are among the teachers in  
attendance at the institute this week.

## HOUSE JUDICIARY COMMITTEE WILL DECIDE COURSE ON MR. KELLER TODAY

Washington, Dec. 18.—The House  
judiciary committee meets today to  
decide whether it was within its  
rights when it issued a subpoena or-  
dering Representative Keller, Minne-  
sota Republican, to appear and testi-  
fy in support of his charges.

If the committee concludes, as it is  
forecast, that it has the power to  
subpoena a member of the House,  
Keller may be given another oppor-  
tunity to appear, and if he again re-  
fuses, it is probably he then will be  
subjected for contempt and recommen-  
dations be made that he be given "ap-  
propriate disciplinary action" before  
he bar of the House.

## 25 AIR MAIL PLANES OFF IN SEARCH FOR A LOST MAILMAN

Washington, Dec. 18.—The con-  
centration of all mail aeroplanes in the  
western division of the aero mail  
service at Salt Lake City and Rock  
Springs was ordered today by Post-  
master General Weeks to search for  
Henry Boonstra, mail pilot, who has  
been lost since last Friday when he  
was overtaken by a heavy snow  
storm. The service has been com-  
pletely suspended on this division un-  
der instructions from Washington  
while all pilots and planes, number-  
ing twenty-five, are scouting the  
country in an effort to find some  
trace of the missing flyer.

office Saturday against the DuBois  
Traction Company in an effort to re-  
cover damages not to exceed \$20,000  
for personal injuries received by  
Mrs. Davison in a fall from one of  
the traction company's street cars.

The statement filed recites that  
on October 18, 1921, Mrs. Davison  
was a passenger on the street car  
traveling from Falls Creek to Du-  
Bois. When the car reached the  
Long Avenue crossing of the B. & O.  
& P. railway the safety gates were  
down and the street car was forced  
to stop. The conductor went for-  
ward to see about the obstruction  
and Mrs. Davison, with other pas-  
sengers, attempted to get off the  
car. Before Mrs. Davison could al-  
ight the car started and she was  
forced to remain on the platform.

As the car proceeded up street,  
Mrs. Davison signaled to the con-  
ductor to stop that she wanted to  
get off and after traveling half a  
block the car did stop. Thinking  
the stop was made for the purpose  
of allowing her to get off the woman  
again attempted to alight, but as she  
did so the car again started and she  
was thrown heavily to the brick  
pavement suffering a broken leg and  
other injuries.

The suit is brought to recover the  
amount spent by the husband for  
medical treatment and to reimburse  
Mrs. Davison for the pain, suffering  
and inconvenience she has been put  
to.

## DECEMBER EXPORTS BIGGER THAN ANY MONTH THIS YEAR

Washington, Dec. 18.—Exports for  
the month of December establish a  
record. The value of exports totals  
\$383,000,000 or \$12,000,000 higher  
than for October, which was the best  
previous month for the year. No-  
vember exports were \$20,000,000  
over the exports for the same month  
in 1921.

## MRS. BRUNEN AND MOHR LOSE FIGHT; MUST STAND TRIAL

Mount Holly, N. J., Dec. 18.—Mo-  
tion to dismiss the murder charges  
against Mrs. Doris Brunen and her  
brother Harry Mohr was denied to-  
day by the Supreme Court justice and  
the judge ordered the lawyers to pro-  
ceed with the trial.

Mrs. Brunen and Mohr were charged  
with the hiring of Showman Pow-  
ell, to kill her husband, the circus  
magnate. Council today announced  
the defense of Mohr would be an al-  
ibi. Mohr today when interviewed  
complained about the conditions of  
the jail where he was confined. De-  
fense of Mrs. Brunen has outlined  
that she was a dutiful and faithful  
wife. She is to follow Mohr on the  
stand, Attorneys said.

## HAYS WILL REFUSE TO AID GOVERNMENT IN FIGHT ON DRUGS

Los Angeles, Dec. 18.—Will H.  
Hayes today declared that he will  
not co-operate with state and federal  
authorities in their fight against the  
drug violators.

"In case they call on me, I will re-  
fuse to testify," he said. "I am not  
an authority on Hollywood morals.  
My work is not to mete out punish-  
ments to drug addicts but to work  
constructively in the reconstruction  
of the greatest enterprise in the  
world until it is sound to the core.  
As for Wallace Reid, my sympathy  
and the sympathy of all the people  
are with him."

Reid is recovering at a Hollywood  
sanatorium according to Dorothy Dal-  
ton and her mother. They declare  
that Reid's "fair weather friends,"  
who made his home a road-house, and  
heavy work forced him to undergo a  
complete rest.

## London Newspaper Says Harding Working On 2 International Treaties

London, Dec. 18.—President Hard-  
ing will soon repare two interna-  
tional agreements which will replace  
those discarded recently, the Daily  
Sketch stated today.

One of the agreements will be for  
all the Allies; the other will include  
former enemies as well, the Sketch  
declared. Hon. Elihu Root, the paper  
said, is at present working out a re-  
vised agreement.

Three bankers, J. P. Morgan &  
Company, Kuhn & Loeb, and Harri-  
man, will underwrite the financial re-  
lief for Germany under the guaran-  
tee of the United States, it was de-  
clared.

tives witnessed the ceremony.

## PRESBYTERIANS OUT IN COMMENDATION OF PRESIDENT

Pass Resolution at the  
Morning Service Giv-  
ing Allegiance Pledge  
to 'Dry' Enforcement.

### TOOK RISING VOTE

The Presbyterian Church of Clear-  
field took decisive action yesterday  
at the morning service on the action  
of the Chief Executive of the United  
States in proposing that the 18th  
Amendment would never be repealed  
and on his intention to call a Govern-  
ment Conference in the near future  
to devise enforcement plans.

Dr. Reeve, the pastor, spoke very  
emphatically on the need for law ob-  
servance and enforcement, at the  
conclusion of which he called upon  
G. A. Stewart to present a resolu-  
tion, embodying the desires of the  
congregation. The following resolu-  
tion was read and adopted by a ris-  
ing vote of the congregation.

### A Resolution.

Whereas: The Christian Church  
has recognized in alcoholic beverages  
an enemy to the souls of mankind  
throughout the last three centuries  
and has ever prayed for deliverance  
from the baneful influence of the  
commercialized liquor traffic as it  
affects men and our government, and  
Whereas: In the ratification of the  
Eighteenth Amendment the Church  
hoped for an answer to these prayers  
and the advancement and elevation of  
humanity, and

Whereas: The Chief Executive of  
the United States has declared that  
the Eighteenth Amendment will never  
be repealed; calls on the citizens  
of the nation to obey its law and aid  
in the enforcement of law, and un-  
derstands his intention of calling a  
conference of governors of all states  
to devise means to attain these ends,  
Therefore be it

Resolved: That the congregation of  
the Presbyterian Church of Clear-  
field commends the Chief Executive  
for his courageous prophesy, renews  
its allegiance to the Constitution of  
the United States, offers up its pray-  
ers for the success of the proposed  
governors conference and, by this re-  
solution, pledges its support to what-  
ever program may be adopted for the  
suppression of the illegal liquor traf-  
fic which is defeating the purpose of  
the Eighteenth Amendment.

## Dairymen Will Have A Week Of Interesting Study At State College

Considerable interest is being taken  
by dairy cattle breeders of the  
state in the coming winter Farmer's  
Week at State College, December 18,  
to 21, when the gift cattle that in-  
dividual breeders and breed associa-  
tions have sent to the college will be  
on display. The exhibit and the pre-  
sentation ceremony will form the  
main attraction on Wednesday of the  
week, which has been set aside as  
Dairy Breeders' Field Day. The cat-  
tle will be on exhibit in the stock  
judging pavilion, where a representa-  
tive chosen by the dairymen who  
gave the cattle will formally present  
the gifts to the college, to be accept-  
ed by President John M. Thomas in  
behalf of agricultural school and col-  
lege. Fifteen of the cattle are now  
in the dairy barn and are being  
groomed for the occasion. Ten or  
more other animals have been prom-  
ised by breeders in several other  
counties, who intend to ship them to  
the college in time for the display.

## FORMER RESIDENT DEAD AT BUFFALO

Samuel Fulton, a former well  
known Clearfield resident, died at the  
home of his son Orvis Fulton, in Buf-  
falo, New York, on Sunday morning,  
at 8 o'clock, aged about 75 years. The  
deceased was a native of Lawrence  
township and a member of one of  
Clearfield county's oldest families.  
He had been living in Clearfield up-  
until a few weeks ago when he re-  
turned to the home of his son. His  
illness was of short duration.

## Death Lurks In All Christmas Moonshine Says Director Davis

Philadelphia, Dec. 18.—"Persons ac-  
cepting moonshine and other liquors  
during the Christmas holidays are  
taking chances with death," John P.  
Davis, prohibition commissioner, de-  
clared. "Persons who patronize the  
bootleggers during the holidays have  
their death warrants signed. There  
is very little good liquor on the mar-  
ket now and the concoctions offered  
to the public will contain a deadly de-  
natured alcohol."

## Two Burned To Death In Explosion Of Still In Vicinity Of Pittsburgh

Pittsburgh, Dec. 18.—Two men were  
burned to death in an early morning  
fire in Milltown, supposed to have  
been caused by the explosion of a  
still. One man's torso was found ly-  
ing over the copper worms of one of  
the stills. The still was situated on  
the estate of John Caldwell on the  
Huton Road. The dead are George  
Petrovitz, aged 40, and Pete Bunlo,  
aged 45. The fire was discovered  
shortly after 4:00 o'clock this morn-  
ing by Cornel Malichi and his wife  
who occupy a home about forty yards  
from the scene of the fire.

## OPPORTUNITY GIVEN YOUNG MEN OF CLEARFIELD TO FORM CAVALRY TROOP "A" FOR THE NATIONAL GUARD HERE

Are There Sixty-Five Young  
Men In Town Who Wish  
To Enlist? If So, Get In  
Touch With Whit Barrett.

### AND DO IT IMMEDIATELY

There is an opportunity right now  
for the young men of Clearfield to  
further aid in putting Clearfield be-  
fore the whole State by the forma-  
tion of a Cavalry Troop, for the Na-  
tional Guard of Pennsylvania.

If anything is to be accomplished  
along this line, there must be quick  
action as there are other communi-  
ties that will be given the same op-  
portunity, and will no doubt embrace  
it. A great many people seem to be  
under the impression that the for-  
mation of a Cavalry Troop carries  
with it some expense to be borne by  
the town or locality, but such does  
not seem to be the case from the  
more or less superficial investigation  
of the matter made by The Progress.

Young men, able to pass the neces-  
sary physical examination, of good  
moral character and having a real  
desire to serve in the military ser-  
vice are the prime and only requi-  
sites. The officer of the N. G. P.  
who has given Clearfield this oppor-  
tunity was very explicit in explain-  
ing that they would expect every  
man who signed up to go into the  
troop to make good and go through  
with formal enlistment when the  
troop is started.

For the purpose of getting this  
thing started, this officer has re-

## COMMERCIAL CLUB TO HONOR FOUNDERS AT SESSION TODAY

The regular meeting of the Com-  
mercial Club at Jordan's tonight  
should be well attended if all signs  
come true. It will be "Founders'  
Night" and the thirteen master  
minds which gathered on the event-  
ful night when the Commercial Club  
idea was conceived are to be given a  
chance to tell how they did it.

The new officers will be inducted  
and committees announced.

One of the guests of the evening  
will present a subject that should  
awaken the interest of every warm-  
blooded patriotic Clearfield young  
man and which will if taken up, help  
to keep old Clearfield on the map of  
the Keystone State.

## Professor Trostle Tells Teachers Importance of Good Citizenship Welcoming Address

### 500 TEACHERS HERE

The 50th annual session of the  
Clearfield County Teachers' Insti-  
tute got under way this afternoon in  
one thirty when Superintendent W.  
P. Trostle called the assembly to  
order in a few well chosen remarks  
in which he urged the teachers to  
better citizenship. The devotion  
exercises were conducted by Rev. W.  
Roy Houser of the Lutheran church.

The music was in charge of Pro-  
fessor H. J. Taylor of Lawrence-  
ville. Prof. Taylor is no stranger to Clear-  
field institutes, he having been here  
two years ago. The 50th session of  
the afternoon session was Dr. C. W.  
Ellis of Juniata College who spoke  
on "The Work of the Institute," a  
timely discussion in which was em-  
phasized the importance of the an-  
nual gathering. Dr. Francis C.  
Blair, State Superintendent of the  
Indiana state addressed "The Teacher  
as a Citizen" and the evening session  
was a masterly lecture read by  
Eugene Field by Dr. Arthur W.  
Murray of the University of Kansas.

Teachers began to arrive  
evening and by eleven o'clock  
there were 500 teachers present.  
The speaker for this evening,  
able and noted educator, who  
told a lot about radio and other  
timely topics has arrived and for-  
tunate indeed will be those who see  
him this morning.

Following is Professor Trostle's  
welcome address to the teachers:  
"Believe Teachers, Parents and  
Citizens."

It truly affords me genuine pleas-  
ure to greet you here to-  
night, the 50th Annual Session of the  
Clearfield County Teachers' Insti-  
tute. It is indeed a great privilege  
to be granted the opportunity of ad-  
dressing the almost 500 men and  
women who are here and will be  
more than any other 500 men and  
women during the previous years in  
shaping the future of our county,  
and through it, the future of  
our great Keystone State and na-  
tion. Someone has said, "The hand  
that rocks the cradle rules the  
world." True as this may seem, it  
is only half the truth, for the  
hand that forgets the world's great  
needs, the hand that neglects the  
teaching of the child, the hand that  
neglects the teaching of the adult,  
the hand that neglects the teaching  
of the citizen, the hand that neglects  
the teaching of the patriot, the hand

## TEACHERS

(Continued from Page One)

Second subject of the life of the teacher is his attitude toward his pupils. He should be a friend, a guide, a helper, a teacher. He should be a person who is always offering to lend you money when you don't want it.

The highest word, not only in education, but also in world advancement is CO-OPERATION. The success of our country depends, not upon the education of a few, but upon the education of the masses. No one can be said to be truly educated until he is prepared to do something for the world. And nothing is really worth while unless it is to make the world better. The teacher's job is to help the child to do this.

Each community still has many needs. The teacher's job is to help the child to do this.

## SULPHUR CLEARS ROUGH, RED SKIN

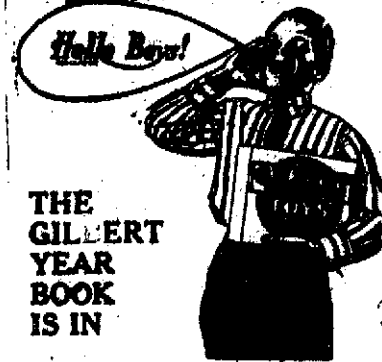

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the toughest and most stubborn scales, and to leave the skin smooth and clear. It is a good drug and is sold in every drug store.

### REFORMATORY HEAD DIES

Huntingdon, Pa., Dec. 17.—T. Edgar Patton, for thirty-one years superintendent of the Pennsylvania Industrial Reformatory, died Saturday. He was 75 years old and was a civil war veteran, following which he was appointed and served as postmaster of Altoona.

## ODDS AND ENDS AND THINGS

By J. D. C.

The coming session of the Pennsylvania Legislature will see a lot of tinkering being done with the state game laws, especially that part of the law which pertains to the killing of deer.

The Game Commission will ask the Legislature to throw further protection around the buck deer by asking that the law be so worded as to forbid the killing of "spike" bucks. The idea of the commission, being that a buck should be protected until he becomes two years old at least.

There will be many freak propositions made before the law is finally prepared and passed and all those interested in any proposed change should get busy and give the Game Commission and the law-makers the benefit of your experience. Here is the views of one deer hunter:

Protection for the buck deer in 1923 and the killing of doe deer, with a close season for both bucks and does during 1923 and 1924 is advocated in a letter sent from Altoona by a widely known local deer hunter to Seth E. Gordon, secretary of the Pennsylvania State Game Commission at Harrisburg.

The Altoona hunter makes a number of recommendations following his visit with a number of deer camps during the present season and hunters throughout the state are unanimous in their belief that a game law change, relative to deer, is an absolute necessity. The letter by the Altoona hunter follows:

I am an ardent sportsman, and am vitally interested in the conservation of all kinds of game and particularly deer. I did not hunt in camp this year for the reason that I wanted to hunt promiscuously in different localities, in order to talk to the many different hunters and farmers in regard to the deer. I have found that it is the general opinion of all that the present law should be changed, and due to these conversations I have the following to suggest, viz:

"The buck deer to be protected in 1923.

"The doe to be taken. The season to be from Dec. 1 until Dec. 7.

"A fine of \$200 for killing a buck.

"The limit to each camp, or body of men to be three dogs.

"The season for deer to be closed during 1924 and 1925.

"Extensive advertising of this law and calling on the sportsmen of all deer hunters to shoot only the large does.

"The above changes due to the fact that the deer country is getting full of barren does, which is a waste to any one who has been hunting and who has seen so many does without fawn with them.

"These does have been becoming a menace to the farmers who are complaining bitterly.

"A closed season of two years suggested would allow the male and female to equalize and multiply."

The advertising of American business in American monthlies and weeklies amounts to about \$100,000,000 a year, \$600,000,000 in all, which is about as high as the bill for America's chewing gum, or lip sticks, rouge and powder.

George W. Hixman asks whether this is worth the money.

He answers his question in the affirmative.

The United States produces amounts to about \$400,000,000, and this advertising bill of \$600,000,000 is therefore only about 2 per cent. of the total amount of goods produced. Advertising is an important and essential element in distribution. It is more than that; it is the self-expression of business enterprise, and keeps it wholesome.

Russia tried the abandonment of advertising, and found that advertising and business both departed together. If you are going to cut off all the blossoms from a plant, you are going, after awhile, to have no more plant.

A Second Look.

"Jimmy's a coward, that's what he is! Last night he leaned toward me, put his arms around me, drew my face close and started to kiss me, and then didn't! He is a coward!" "Oh my dear, maybe you misjudged him. He was just you were sitting with your back to the light, so it wouldn't shine in your face."

Mostly Used by Smokers.

Some persons do not use any, and some use many, but the average number of matches used in this country per day is six to eight.

Worthy Belief.

I believe in the perpetuation of society and in the vitality of democracy and in growth ever lasting.—Walter Hines Page

Entered in Post Office at Clearfield, Pa., as second class mail matter.

Some people spend their whole lives in an effort to live longer. They spend all their time and energy in first one fad and then another, in their feverish desire to lengthen their days, and forget to fill them with the things that make life really worth living.

There are other people who give no thought at all to the maintenance of life, until they suddenly realize that their days are shortening. Then they grasp irrationally at any magical scheme, Fountain of Youth, any charm of incantation that will grant them a new lease on life.

The first class of people forget what life is for. The second class neglect to care for the lives they have. Hence the sudden end of a magic potion in so many cases.

There is just one way to a long life. That is the careful, conscientious, and consistent observance of the laws of life—physical, mental, and moral. There is no short and easy way. It is long and hard. But it is worth while.

Despite the knocking constantly heard about preachers and church organizations we notice these functionaries are still in great demand for funerals.

Now that is a rough way of putting it, isn't it, but some two or three weeks ago, we decided that we were getting into an editorial rut; printing too many meaningless nothings, etc.

We profess to be a Christian nation; it is a rare occasion indeed when a person is buried without the Christian burial rites, and yet we live in such a way as to deny the Christ, blaspheme his ministers on earth, absent ourselves from worship and continually pick flaws in those who are doing what they can.

When the death angel hovers near, we are sobered—and weakened. Then it is that we want the church and her ministers. The presence of death halts many a soul on a mad flight to perdition.

Little do we realize the importance of the public school teacher in our national life. Home training and influence is stamped indelibly on the child but it is in the school life that contacts are made, which very largely shape the career of the young man or young woman.

The interpretation put on the outstanding events of history and the guidance of the school life is certain to give the young man a vision of the world and its complex problems unlike that obtained from any other source. It is, therefore, of prime importance that the profession of teaching be put and kept on a high plane.

Much is heard right now of the higher standard of Pennsylvania schools and of the advances being made month by month and year by year and there is plenty of evidence to bear out the claim.

That the teaching profession is keeping pace in personnel with the exactions of the school code and the rules laid down by the state department is quite evident from the appearance of the hundreds of teachers who are guests of Clearfield this week. No other lot of young people could be assembled anywhere and our schools and our children are in fine hands.

The pathetic eagerness with which Europe pleads for a little word of helpful advice from the United States is equalled only by the pathetic alarm with which Europe receives any little word that is offered her.

We of this county paid the state nearly seven thousand dollars for the privilege of keeping dogs during the last year. The administrators of the Mother's Pension Fund have to fight to get less than half that amount.

SAGE TEA KEEPS  
YOUR HAIR DARK

When mixed with sulphur it  
brings back its beautiful  
lustre at once.

Gray hair, however, disappears as  
nature advances age. We all know the  
advantages of a youthful appearance.  
Your hair is your charm. It makes you  
more attractive. When it turns gray  
and looks streaked, just a few  
applications of Sage Tea and Sulphur  
enhances its appearance a hundred fold.  
Don't stay gray! Look young!  
Either prepare the sops at home or  
get from any drug store a bottle of  
"Wynne's Sage and Sulphur Com-  
pound," which is made from the old  
recipe improved by the addition of oil  
or ingredients. Thousands of men  
recommend this ready-to-use prepara-  
tion, because it darkens the hair beau-  
tifully, besides, no one can possibly tell  
as it darkens so naturally and evenly.  
You moisten a sponge or soft brush  
with it, drawing this through the hair,  
taking one small strand at a time. By  
morning the gray hair disappears; af-  
ter another application or two, the  
natural color is restored and it becomes  
thick, glossy and lustrous, and you ap-  
pear years younger.

Better Arrange  
An Appointment  
With Us Now

The time grows shorter when  
we can promise to turn out the  
best work and you'll find that  
last minute work is not what  
you would like it to be and,  
frankly, we do not like to turn  
it out.

Call us now and arrange for  
this; sitting by the first of the  
week and then you'll be able to  
get your photographs in the  
mail in plenty of time for Xmas.  
We take it for granted that  
you have decided to give pho-  
tographs and have found that  
nothing else quite equals them  
as a gift.

Will Make An Ideal Desert For Christmas Dinner And

We Will Have Some Specials For The Day

## Tom Sims SAYS---

Give building blocks for Christmas because they will build a fire.

One may shop from sun to sun; at Christmas shoppings never end.

Every girl likes winter sports; they are handsome.

It will soon be time for new resolutions. We call them new but they are old ones made over.

If you hear a noise it may be the loud Christmas ties.

The man who swears off smoking now is getting read to refuse Christmas cigars.

The age-old struggle between Ireland and England has ended again.

High chairs are fine for young and old. You will find all chairs are high chairs.

Turkey says she will grant no divorces to foreigners. What foreigners ask is a divorce from Turkey.

Six months from now you will have no trouble with the furnace.

In spite of all the shooting, statistics show married men live longer.

West Virginia man of 83 has just ridden his first street car. This is a long time to wait for a street car.

Some kids get what they want while others get sensible presents.

It causing the weather made us fat we would all be trying to reduce.

A wise man and his money soon buy Christmas gifts.

If the Nevada boy who shot three people ever grows up he can join our army as a platoon.

Maybe reformers live because it is against the law to kill yourself.

Some Christmas you will see smoking jackets listed as gifts for girls.

Christmas is not over until the landlord quits being polite.

### DUDA-WYSE

On Saturday morning, December 16th, Mr. Steve Duda of Helvetia, and Miss Jane Wyse of DuBois, were married by Dr. E. G. Reeve in the Presbyterian manse. They will make their home in Helvetia, where Mr. Duda is engaged in mining. Best wishes follow them.

### Collective Wisdom.

The instinctive feeling of a great people is often wiser than the wisest man. — Kossuth.

### TRINITY CHURCH EVENTS

With the beautiful on everything and in every direction meetings were strong in their spirit and liveliness. school held to its advance.

The morning sermon presented Christ, the Prophet; and at night, the preacher made a study of Christ's treatment of the woman "sinner."

Strangers were in every service. The choir and the groups that sang special selections, rendered very finely their parts throughout the day.

This week's events: Wednesday, mid-week congregational service, American White Cross drive on Dec. 24-25. Woman's Home Missionary Society meeting postponed to Dec. 27.

Local sports have arranged a box-card for Wednesday evening, here and Chick Brant, the local white hope is going to DuBois this evening to take in the show there and challenge the winner of the main bout there.

A. W. Lee is now enroute to Washington, D. C., from where he will journey by automobile to Florida to spend the winter season.

To Clean Glassware. When cleaning glassware wash the glasses in hot water and then plunge into cold water into which a tablespoonful of starch has been dissolved. Drain until dry and polish with a linen cloth. They will fairly glisten.

Nervous Diseases Kill Many. In England one death in 10 is caused by nervous disease. To be exact the mortality from these diseases amounts to 105 in 1,000 deaths. It ranks next to heart disease with 117 per 1,000.

### HAVE YOUR HAIR TAKEN CARE OF IN PROPER WAY

You probably remember the last time you washed your hair, that you said that you'd never do it again yourself—you remember the time you had getting all the soap out of it.

Come down to where we make a specialty of washing hair and where we have every facility for doing it right without injury to the hair.

We have some good news for the women who wish to get rid of the bobbed hair they liked so well.

## Are You Wandering In the Mist?

THE man or woman surrounded by better thoughts and things, but who continually ignores them, is like a lost soul wandering in the mist.

The newspaper is always full of ideas that other men and women have thought out for your happiness. Think of all that you miss when you overlook these things.

**Read the advertisements.** They are the voices of hundreds of thousands of looms, shops, studios, foundries, laboratories, where millions of minds are turning their thoughts to your comfort and conveniences.

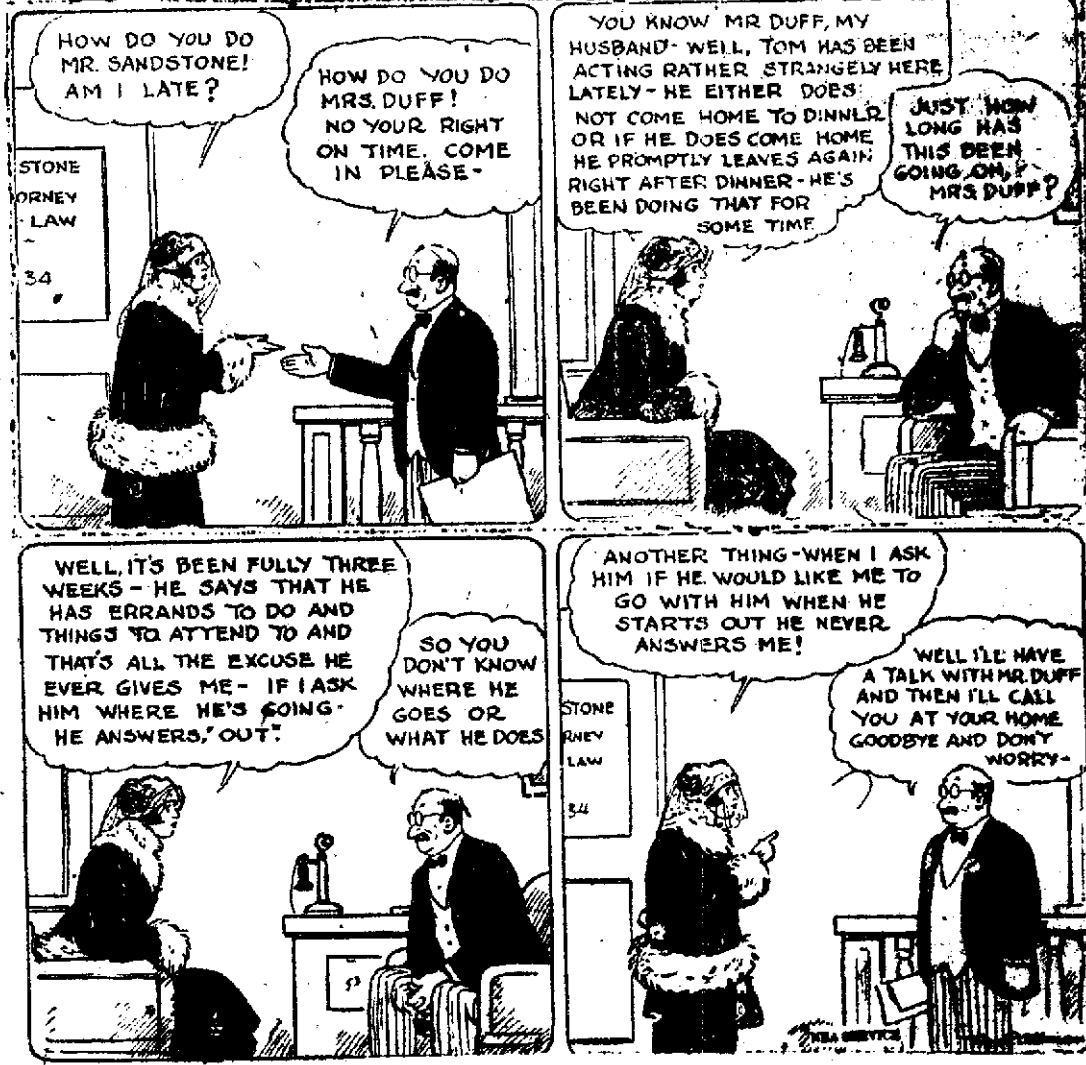

The advertisements bring you cleaner food. They improve your personal appearance. They ease your daily task. They take the humdrum out of your life. They tell you where, when and how to find things pleasurable and profitable.

Advertisements are your dependable friends.  
Cultivate them.
